

# Site Visit Bouygues 31/3/2025

**Cotswold Designer Outlet  
Junction 9 Tewkesbury**

7 students interested in finding out more about careers in construction were given a tour of the construction site, after being provided with PPE.

The Site Manager asked the students to spot anyone not wearing correct PPE and point it out so that it could be rectified and illustrate how Health and Safety is everyone's responsibility.

Various people took the time to tell the students their stories ; their entry route to construction and the benefits of their job role which had a huge impact on the students.

It was incredibly inspiring to hear these success stories and left several students wanting to experience more hands-on opportunities in Construction.

---

Students were given behind the scenes access to the Designer Outlet due to open this Summer. Students represented the College positively and showed respect.
